• SQL	Working
• Flash	Working

Education

- Philosophy, **University of Saint Thomas** - Saint Paul, MN **2006**
- Audio Production & Engineering, **Institute of Production & Recording** - Minneapolis, MN **2003**
- Physics, **University of Minnesota** - Minneapolis, MN **2002**
- High School Diploma, **Hopkins High School**, Hopkins, MN **2001**

Work History

- Founder & Collaborator: **Blab-lab, Inc.** - San Francisco, CA **08/06 - PRESENT**
Blab-lab is a 'collaborative media label' to be launched in the Bay area. I am currently programming its web applications using PHP MySQL, and the Zend Framework.
- Independent Web Designer: **Vitruvian Marmot Productions** - Minneapolis, MN **04/03 - PRESENT**
Numerous small businesses and entrepreneurs have contracted me to build or renovate their web presences, including branding, site design, CMS installation, customization, and templating, UI, ecommerce, and SEO.
- Web Designer: **ReelzChannel** - Minneapolis, MN **04/08 - 04/09**
While at ReelzChannel I was responsible for the layout of articles and various aspects of the site, interpreting content composed in Word into visually engaging and useable webpages. I coded by hand in HTML and CSS, designing graphics in Adobe and miscellaneous open-source applications.
- Intercom Technician: **Telex Communications (RTS, AudioCom, ElectroVoice)** - Burnsville, MN **05/06 - 06/07**
While at Telex I worked with a large variety of intercom products, assisting such organizations as the NFL, ESPN, NASA, CBS, MTV, and others. While there I also managed the website for the Telex Legacy product line.

Recent Client List

- ReelzChannel
- J&S Bean Factory
- Pachyderm Studios
- Mike Gravel for President
- Ryan Partnership
- BB Organ
- ... many other small businesses
